

$$V_{\text{CUBE}} = L \times w \times h$$
$$\text{lin} \times 5.25 \text{ in} \times 8.25 \text{ in}$$

DOES NOT
MATTER THE ORDER
THEY ARE IN

43.31 in³

$$\begin{aligned} V_{\text{cube}} &= 4.5 \text{ cm} \times 4.5 \text{ cm} \times 4.5 \text{ cm} \\ &= (4.5 \text{ cm})^3 \\ &= 91.13 \text{ cm}^3 \end{aligned}$$
